

T-Rex® Waterproof

Product features

T-Rex® Waterproof Tape with R-Flex Technology for an extra strong grip on wet surfaces. The tape can be stretched up to 7 times its original length. For waterproof repairs both indoors and outdoors, such as swimming pool tears or temporary repairs of a leaky water pipe. Also suitable for use under water. Resistant to UV and extreme temperatures (between -55°C and + 90°C). T-Rex® Waterproof Tape – extremely strong, flexible and waterproof.

Applications

Waterproof repairs both indoors and outdoors, temporary repair of water leaks, such as leaky pipes

Product specifications
